2027 Trade Stand Information

KNHS-centrum, Ermelo, De Beek 125, 3852 PL, Netherlands

- Competition days are Wednesday 12th May to Sunday 16th May.
- We will have two trade stand areas in 2027 (same as 2026) although they will be very close together. One is located indoors, and one is located outdoors.
    - The trade stand area INDOORS is the arena to the side of the main arena. This will be the main walkway for competitors to get to the main ring. The building will be locked at night. Therefore, the benefits of this area are;
        - constant footfall from competitors,
        - no need for tent and weights to secure tent
        - the stand will be secure overnight.

      The slight disadvantage is that it is not the natural footfall for spectators.
    - The trade stand area OUTDOORS is on cobblestones in an area between the buildings and stables. Competitors must pass through this area to get to the crating area, parking, and the rings. Spectators must pass through this area to get to the ticket office and enter the main ring. You will need to bring a tent or canopy for your stand and you will need to provide your own weights to secure your stand. We are unable to provide any weights. You can hire weights from www.evento.nl. There will NOT be any security on site, the venue is a very safe and secure venue but WAO will not be held responsible for any theft or damage.
- We cannot guarantee a specific location in either area.
- There is NO PARKING for vehicles or trailers in either trade stand area. You will be able to unload at your stand if you set up on Tuesday (but not on Wednesday). You will then have to park a short distance away. You will also not be able to camp with your trade stand. Overnight camping needs to be booked separately.
- There will be no vehicle access to either trade stand area from Tuesday night until the competition finishes on Sunday night. This will be approximately 6PM Sunday. Trade stands breaking this rule will be asked to leave. No exceptions.
- Tables and chairs are NOT provided.
- You may not attach signs on the grey doors or on the woodwork by the manager's table, or to any part of the venue buildings. If you put signs up and we are charged for damage, then you will be charged.

- Electricity is available for an additional charge of €80, for the length of the event. You will need to provide your own extension leads and European connections
- Except for the Official WAO Fan Shop, trade stands may NOT sell any merchandise that references the event, "WAO," "World Agility Open," etc., or the WAO logo unless written consent has been given.
- You may not sell any agility equipment including stride regulators, contact mats, contact trainers, numbers or anything else associated with a dog agility equipment manufacturer.
- We try to prevent too much overlap in the types of products being sold—for example, we do not want 4 trade stands that sell shoes, so we suggest making your reservation early.
- Trade stands may be set up between 10.00 - 17.00 on Tuesday 11 May, and 09.00 – 10.00 on Wednesday 12 May. **Please remember you will not be able to bring a vehicle to your stand if you choose to set up on Wednesday.** On set up days doors will be locked at 17.00 so please consider this for set up times. Tuesday is official team check in and practice. Wednesday will be the Opening ceremony with competitions starting Wednesday after the Opening Ceremony. If desired, trade stands may sell goods as soon as they are ready. Please indicate on your reservation form your day and anticipated time of arrival.

Hotels and Event Schedule

- For information on the venue and local area, please go to: https://worldagilityopen.com/event-information/
- If you wish to camp at KNHS, you can book a space on your reservation form.
