To try out for Team New Zealand for this event, candidates will need to submit 2 videos (one agility and one jumping) to the team manager. The courses used for video submission will be selected and provided by team management. In the event that more than 3 dogs per height submit applications, the yards per second of the submitted videos will be used to make final team selection decisions with priority given to anyone residing in New Zealand.

Video submission must include the potential team member with their own dog and the same courses run by the potential loaner dog and their owner.
