- (v) Should any of the shows not run for any reason, country manager reserves the right to alter the selection process.

Requirements

All handler and dog teams wishing to be considered for selection for Singapore team must (i) display good conduct at all shows in accordance with the WAO sportsmanship guidelines; (ii) uphold Team Singapore’s code of conduct; (iii) enter at least four (4) shows¹ organized by Singapore Dog Agility between **March 2025** until the last show in **October 2025**; AND (iv)² obtain a clean run in Agility, minimum at UKI Novice level or Open level **at a show** organized by Singapore Dog Agility.

Win-on Spots

There are two opportunities for dogs who have entered at least four (4) shows to win a spot at the WAO individual championship events:

- A) WAO try-outs – One (1) dog per height shall win its way to Pentathlon/Biathlon events
- B) Regular shows – One (1) dog per height shall win its way to Pentathlon/Biathlon/Games events

The win-on spots will be determined from the pool of dogs whose applications are received by the submission deadline on 7 November 2025. If the same dog wins in both (A) and (B) or in the same event, the country manager will select and offer the second spot to dogs at his/her own discretion based on combined results. To be eligible for the win-on spots, dogs must obtain at least one clear round in an agility event at Novice level or Open level at a show organized by Singapore Dog Agility².

A) WAO try-outs

This offers dogs at any level the opportunity to win a spot at the individual events at WAO. Teams who wish to earn a spot via this route must participate in all the classes for that event and get a result at the try-out, i.e., not eliminated. To qualify for Biathlon, teams must run both Biathlon Jumping and Biathlon Agility. To qualify for Pentathlon, teams must run 2xPent Jumping, 2xPent Agility and Speedstakes.

WAO try-outs will be held in August and **October (TBC)**. Courses at try-outs are designed by international judges, judged by themselves or by an approved UKI judge.

Scoring for the events will be as per WAO rules. The highest placed teams from each try-out will be used to determine who gets the spot. The team with highest number of overall first placings will be selected. In the event of a tie, the team with the highest number of non-eliminated rounds will be used as a tie-breaker. In the event of a further tie, the team with the faster average speed will be the tie-breaker. If there are no results from this try-outs, the spot will be filled at the discretion of the country manager at the end of the season.

B) Regular shows

This is a points-based system where points will be awarded to runs at shows organized by Singapore Dog Agility. Open courses are designed by international judges, judged by themselves or by an approved UKI judge. Events offered at Open shows will be announced in due course.

The table below shows the points awarded for non-eliminated rounds, with additional points for clear rounds. 2nd and 3rd placing dogs will only get points if their times are within 3 seconds from the 1st placing dog³, e.g. If the 1st placed dog clocks 30s in jumping, the 2nd and 3rd placed dogs will be awarded WAO points provided its time is less than or equal to 33s.

For UKI events, beginner and novice classes will be combined to determine the placings for the award of WAO points; senior and champion classes will be combined to determine the placings for the award of WAO points. Each dog can only use a maximum of 4 results from beginner class and 5 results from novice class for accumulating WAO points, eg. a dog that is still at the beginner level

after obtaining 6 results (5 non-eliminated and 1 clear round) is only allowed to use the best 4 results out of the 6. Results obtained in 2024 will also be included in the count.

- The total of the best ten (10) results from Open Agility and Open Jumping will be used to determine the winner of the Biathlon spot. Open Speedstakes are not included.
- The total of the best ten (10) results from UKI Agility and UKI Jumping will be used to determine the winner of the Pentathlon spot. UKI Speedstakes are not included.
- The total of the best four (4) results from UKI Games will be used to determine the winner of the Games spot

	1 st placing*	2 nd placing*	3 rd placing*	Clear round
UKI Agility (beg/nov)	5	4	3	+2
UKI Jumping (beg/nov)	4	3	2	+1
UKI Games (beg/nov)	4	3	2	+1
UKI Agility (snr/champ)	7	6	5	+3
UKI Jumping (snr/champ)	6	5	4	+2
UKI Games (snr/champ)	6	5	4	+2
Open Agility	6	5	4	+2
Open Jumping	5	4	3	+1

In the event of a tie, the dog with the most number of clear rounds in Agility & Jumping will be the tie-breaker for Pentathlon and Biathlon events, and the dog with the higher Gamblers scores will be the tie-breaker. In the event of a further tie, the dog with the faster average speed will be used as the tie-breaker.

- If there are less than 4 shows, the requirement to enter at least 4 shows will be waived. Shows already conducted and remaining shows up to the last show in October 2025 will be used for points accumulation
- If all the shows in 2025 cannot be held, teams are still encouraged to apply and selection will be at the discretion of the country manager and approved by WAO
